

876 Kahla Drive
Crystal Beach, TX 77650

TO WHOM IT MAY CONCERN:

Having dealt with a number of contractors on the Peninsula over the last several years, we frankly grew accustomed to accepting less than expected quality of work.

We then had the good fortune to meet Mike Moretti with AM Coastal Construction. Mike and his crews were a breath of fresh air as they were professional, punctual, honest, and creative. During several phases of remodel, Mike was able to make sound recommendations that resulted in a beach house of which we were very proud. The best description of the AM Coastal crew is that they performed as if it were their own home.

One of the most impressive things about Mike was his initiative in staying abreast of all the construction code changes that impacted our remodel. Once again, Mike provided guidance and suggestions as to how to comply yet not exceed our budget.

We have the utmost confidence in Mike and AM Coastal Construction and we will continue to use them in the future. Based on our experience, they are the best contractor on the Peninsula. We would feel confident in recommending them to our friends and family.

Tom and Linda Moore
